

# Turn Cleanup Hours Into Minutes

Eco-Safe USA is pleased to announce its **NEW Eco-Jet Pressure Wash System**. The **Eco-Jet** system solves the problems of difficult cleanup and resistant buildup and biofilm. And best of all for the bottom line is how much money **Eco-Jet** saves.

- **Save on Hot Water Costs**  
Ozone works better in cold water. Your energy costs for hot water may be reduced by as much as 100%.
- **Save on Labor Costs**  
When you reduce Cleanup Time up to 90%, you save money.
- **Save on Chemical and Detergent Use**  
Best results without adding any chemicals to the ozonated water.
- **Disinfect Like Never Before**  
Ozonated water kills bacteria and viruses better than any other product, and 3100 times faster than chlorine.
- **Approved By All Agencies**  
Ozonated water has been approved by the FDA and USDA, *even for Organic products!*
